Who we are

THE GRAND CIRCLE FAMILY OF TRAVEL BRANDS

Grand Circle Corporation (GCC)—comprised of a family of travel companies—takes American travelers over 50 on carefully curated and expertly guided trips in more than 100 countries around the world. These immersive itineraries focus on local interactions and cultural experiences, while still providing travelers the flexibility to customize their journeys with optional trip extensions, flight options, arriving early, and more.

OUR HISTORY

Grand Circle Travel was originally founded by a retired principal, Ethel Andrus, in 1958 to serve members of the American Association of Retired Persons (AARP). In 1978, Judi Wineland, also an educator, founded Overseas Adventure Travel (O.A.T.) to fulfill an unmet need for affordable, authentic group travel experiences. Alan E. Lewis, founder of Grand Circle Corporation, and his wife, Harriet, acquired Grand Circle Travel in 1985 and O.A.T. in 1993, and established Grand Circle Cruise Line in 1998, with the same goal in mind—to foster life-long learning and a spirit of discovery at an unmatched value.

Since then, it has been our mission to provide life-changing guided travel experiences around the world—connecting travelers with locals who live in the areas we explore. Simply put, **we change lives through travel**.

OVERSEAS ADVENTURE TRAVEL (O.A.T.)

O.A.T. offers 94 unique small group adventures worldwide by land and small ship. With a maximum of 16 travelers by land and 25 by small ship, we take travelers off the beaten path—beyond the traditional highlights—and provide a local O.A.T. Trip Experience Leader every step of the way for the most authentic discoveries. Travelers are immersed in local cultures from beginning to end—from helping to prepare traditional meals and discussing everyday controversies with local experts, to experiencing local modes of transportation and staying in authentic lodgings. On our Small Ship Adventures, travelers cruise aboard one of 15 privately owned or privately chartered ships, 13- to 210-passenger vessels accessing smaller ports that most other American companies miss to discover everyday life away from the tourist crowd.

OUR PRIVATELY OWNED SMALL SHIP FLEET

Carrying just 50 to 98 passengers, our award-winning small ships can access little-known ports for the most authentic discoveries. What's more, we manage all aspects of every voyage for a more personalized experience.

- M/V Arethusa—our 50-passenger small ship cruising the Mediterranean
- M/V Athena—our 50-passenger small ship cruising the Mediterranean
- **M/V** *Artemis*—our 50-passenger small ship cruising the Mediterranean
- M/V Clio—our 89-passenger small ship cruising Northern Europe, Iberia, the Mediterranean
- M/V Corinthian—our 98-passenger small ship cruising Europe, North Africa, West Africa

Who we are

GRAND CIRCLE CRUISE LINE

With 12 unique itineraries, our River Cruises are the most discovery- and value-rich way to traverse Europe's waterways—with maximized cultural interaction and the lowest per-diems available in the travel industry. Travelers explore aboard one of 5 privately owned ships in up to four groups with a maximum of 42 travelers, each with a local Program Director fostering unforgettable discoveries and camaraderie every step of the way. It's unique benefits like these that have earned us the title of "Best River Cruise Line for Enrichment" from the editors of *Cruise Critic* and among the "World's Best River Cruise Lines" in *Condé Nast Traveler*'s Readers' Choice Awards for more than ten years.

OUR PRIVATELY OWNED RIVER CRUISE FLEET

Aboard our 86- to 162-passenger vessels, our travelers visit iconic capitals and small towns, while unpacking just once while onboard. Like our small ship fleet, we manage all aspects of every voyage for a more personalized experience. Plus, each group of travelers will be in the company of up to 4 Program Directors and a highly trained English-speaking crew.

- M/S River Chanson—our 86-passenger river ship cruising the Rhône river
- M/S Bizet—our 120-passenger river ship cruising the Seine river
- M/S River Harmony—our 140-passenger river ship cruising the Rhine & Mosel rivers
- M/S River Aria—our 162-passenger river ship cruising the Rhine & Danube rivers
- M/S River Adagio—our 162-passenger river ship cruising the Rhine & Danube rivers

GRAND CIRCLE TRAVEL

Grand Circle Travel makes the world accessible to active American travelers with 14 itineraries designed to deliver unmatched discoveries, leisurely pacing, more travel choices, and comprehensive value. Our journeys take travelers beyond the major sites—although we visit those too, of course—and into the heart of their destination. In a group of 45 travelers maximum on average, our travelers break bread with local families, and go behind the scenes to see how they truly live and work. A local Program Director will guide our travelers every step of the way, bringing the trip to life as only an insider could.

Our founders

Harriet Lewis, Founder & Chair

An educator, philanthropist, and world traveler, Harriet Lewis is passionate about social change, especially in her hometown of Boston and in the countries Grand Circle visits. Harriet taught children

with severe emotional disabilities in Washington, DC, then returned to Boston, where she continued to teach troubled children. From these experiences, she developed her strong belief that our best hope for real, lasting, and deep community transformation rests with our young people. She founded the Next Generation Leaders program to provide rising college freshmen with work opportunities at Grand Circle Corporation and Kensington Investment Company, service experiences, and an international travel program to advance their leadership and improve success in life and college. Harriet is also unwavering in her commitment to working in partnership with the community and ensures that the Alnoba Lewis Family Foundation "ask and listen" to the young people, their families, and leaders who live in the neighborhoods and global villages where we work.

Charlotte Lewis, Vice Chair

Serving as not only the Vice Chair of GCC but also the Chief Operating Officer of Kensington Investment Company, Charlotte Lewis is responsible for the non-real estate investment portfolio, and the

development of 45 Townsend Street in Roxbury. She also guides the family's philanthropic endeavors as Vice Chair of the Alnoba Lewis Family Foundation, building on the vision her parents, Alan and Harriet Lewis, had to help change people's lives through international adventure travel. Born and raised in Boston, Charlotte is a philanthropic leader, and is passionate about changing the lives of young people in Dorchester, Roxbury, and Mattapan through leadership coaching and experiential learning programs.

Edward Lewis, Vice Chair

Based in Park City, Utah, Ed Lewis serves as both Vice Chairman at GCC and the Chief Executive Officer of Kensington Investment Company, representing the second generation of Lewis family leadership. Ed also

serves as Vice Chairman to the family's charitable entity, the Alnoba Lewis Family Foundation. Prior to becoming Vice Chairman and CEO, Ed served in a variety of roles within GCC and KIC, where he learned the business from the ground up. Building on his father, Alan E. Lewis's, legacy, Ed has set a bold 2030 vision for both GCC and KIC to be an industry leader in all aspects of the family's businesses.

In Memory of Grand Circle Corporation Founder

Alan E. Lewis
July 17, 1948 - November 2, 2022

Alan E. Lewis was more than the founder of Grand Circle Corporation—he was the force behind its purpose. Alongside his wife and partner, Harriet Lewis, Alan built a company rooted in cultural connection, local leadership, and life-changing experiences. His vision to champion the curiosity of older Americans continues to guide us today. Alan's entrepreneurial drive, generosity of spirit, and

Alan's entrepreneurial drive, generosity of spirit, and belief in giving back shaped our values and legacy. He is survived by Harriet and their two children, Charlotte and Edward, who carry forward the work and mission he so deeply believed in.

"The bigger the difficulty, the greater the opportunity."

Changing people's lives—one village, one school, one person at a time

THE FOUNDATION

Grand Circle Foundation, in partnership with the Alnoba Lewis Family Foundation, has a long history of giving back: to the places we travel, to the people who live there, and to the city of Boston and communities around the world where we live and work. Together, we have pledged or donated more than \$250 million throughout the world in locations including Africa, Asia, South Pacific, Europe, and the Americas. Many of the projects the Foundation supports are, quite literally, in the path of our travelers, while many more are much closer to home.

SPECIAL DEPARTURES

We offer a variety of special itineraries designed to suit travelers' specific interests. We offer Culinary Cruises, Women's Departures, Festival Departures, Holiday Sailings, our President's Cruise, and special Themed Departures focused on music, wine and more.

THE LEADER IN SOLO TRAVEL

During our tenure as a company, we've seen the explosive growth of Solo Travel. We like to tell our travelers "Even when you're traveling solo, we're with you every step." That's not just a catchy slogan—with our attentive Trip Experience Leaders, worldwide offices, and free roommate matching program, solo travelers enjoy an unbeatable experience. Plus, we offer the lowest Single Supplements in the industry—compared to other travel companies, solo travelers save up to \$5,000 when they choose us as a travel partner. And, if single spaces are sold out, there are other ways to join us solo, such as our Roommate Matching Program.

TRENDS FOR AMERICAN TRAVELERS OVER 50

We tailor our itineraries specifically for seasoned, culturally curious American travelers over 50. Recent studies indicate that over 70% of this demographic are planning trips this year, reflecting a significant increase from previous years. This demographic is gravitating towards immersive experiences, with a notable interest in cultural experiences, educational tours, and small-group travel with a focus on local life. Destinations such as Italy, Japan, and Egypt are particularly popular. These travelers value comfort, safety, and enriching experiences, often seeking personalized itineraries that cater to their specific interests.
